Max. Covered area per element 4.4 sqm (G120) 9 sqm all others

Max. Element height 6 m (G60,F30,F60,F90)
3.5 m (G90, G120)

Max. Element width 6 m

Glass Block Technologies International endeavour to supply frame sizes as accurately as possible. However due to the differing sizing between brands and patterns and the altering of glass blocks moulds by glass block manufacturers, Glass Blocks Technologies International can not be held responsible for the under or over sizing of frames.
